

## ALDERMEN SHUT OFF SOME INQUIRIES

Majority Decides in Caucus that the Investigation Bug Is Too Active.

So many Aldermanic investigations have been started in pretty nearly every one of the city departments that majority leader Meyers, of the Board of Aldermen, to-day called a caucus one hour before the time set for the regular meeting. He thought it time to call a halt in the investigating line. He suggested that hereafter no resolution calling for an investigation of anything should be presented to the Board until the question had first been submitted to a caucus for its consideration.

The intention of Mr. Meyers was that the calendar should not be burdened with too many of them. He wanted the investigation into the Street-Cleaning Department to go ahead. Then this resolution was sprung upon the caucus:

"Resolved, That no other investigation be held until the investigation of the Street-Cleaning Department shall have been disposed of and then that we decide in caucus what other department is to be had investigated."

Aldermen Mulligan and Peters, voted against the resolution, but it was adopted. This shut out over a dozen resolutions calling for more investigations that were read to be sprung at to-day's meeting. Among them were two calling for an investigation of the Police Department and the Department of Water Supply, Gas and Electricity.

Later on the resolution calling for an appropriation of \$25,000 to start the Street-Cleaning Department investigation was before the Board.

This resolution was adopted—sixty eyes to three noes.

## \$20,000 WILLED FOR CARE OF DOG.

Wealthy Bachelor Left Big Bequest to "Friend of More than Human Love."

CHICAGO, March 13.—In remembrance of the faithfulness of his "pet dog Bill," the one friend always by his side, who loved me with more than human affection," George C. Watts, a contractor, bequeathed \$20,000 for his support. The Watts' estate was valued at \$100,000. For the care of the contractor's horse, King, \$500 a year was left.

Bill, a Scotch terrier, is ten years old, and was given to Mr. Watts by his mother eight years ago.

William A. Gore, the executor, is to receive an annual income of \$1,000.

Upon the death of the dog and horse the will provides that the money shall be divided into four equal parts and distributed among the Home for Incurables, the Old People's Home, Chicago Orphan Asylum and the Salvation Army.

**HORSE ON THE DRIVER.**

Joker Got Busy and Called Ambulance for Bellevue.

Through the usual channels there reached Bellevue Hospital this morning a call for an ambulance from No. 41 East Thirtieth street. After a quick run to the address Dr. Hunt returned to the hospital and caused the following entry to be made: "Dead horse; no human being."

Some joker had been busy.
